

Paramount Trailers a Finalist at TruckX 2015

Paramount Trailers took part at the TruckX Exhibition in the beginning of July'15, that was held at the Sandton Convention Centre in Johannesburg. The exhibition was well supported by all the major players in the industry.

Paramount Trailers used the opportunity to exhibit a part of their **One-Stop-Shop** concept that they have created at their new facility in Midvaal, just south of Johannesburg. Paramount Trailers now sells the Powerstar Truck range, along with a full range of rigid body bins that are manufactured and fitted to the new trucks.

Great interest was shown from a number of stakeholders and impressed by the quality and finish of the bins. Further interest was shown towards the full range of trailers that are being offered, like the new Walking Floor, Brick Trailers, Augers and Hard Body Tautliners. The new added aftermarket

service is the opening of the new Servicing & Refurbishing Division where customers can have their trucks and trailers serviced at the same time.

Paramount Trailers were voted in as one of the finalists in the industry for the 2015 at the TruckX Exhibition...
